LIST OF CONTENTS — VOLUME 12

NUMBER 1

Editorial

R. T. RUBIN — 1 — 1987 Miscellany

Reports

C. M. BANKI and M. ARATO — 3 — Multiple hormonal responses to morphine: relationship to diagnosis and dexamethasone suppression

T. R. KOSTEN, J. W. MASON, E. L. GILLER, R. B. OSTROFF and L. HARKNESS — 13 — Sustained urinary norepinephrine and epinephrine elevation in post-traumatic stress disorder

K. KIYOHARA, H. TAMAI, C. KARIBE, N. KOBAYASHI, S. FUJII, O. FUKINO, T. NAKAGAWA, L. F. KUMAGAI and S. NAGATAKI — 21 — Serum thyrotropin (TSH) responses to thyrotropin-releasing hormone (TRH) in patients with anorexia nervosa and bulimia: influence of changes in body weight and eating disorders

P. DECINA, H. A. SACKEIM, D. A. KAHN, D. PIERSON, N. HOPKINS and S. MALITZ — 29 — Effects of ECT on the TRH stimulation test

M. C. WALDO, K. GRAZE, S. DE GRAFF BENDER, L. E. ADLER and R. FREEDMAN — 35 — Premenstrual mood changes and gating of the auditory evoked potential

O. G. CAMERON, G. C. CURTIS, T. ZELNIK, D. MCCANN, T. ROTH, K. GUIRE and M. HUBER-SMITH — 41 — Circadian fluctuation of plasma epinephrine in supine humans

G. A. MASON, C. H. WALKER, A. J. PRANGE, JR and S. C. BONDY — 53 — GABA uptake is inhibited by thyroid hormones: implications for depression

C. PRAPUTPITTAYA and F. KIMURA — 61 — Growth hormone secretion during long-term thiopental anesthesia in the immature rat

R. N. PECHNICK, R. GEORGE and R. E. POLAND — 67 — The effects of the systemic administration of *N*-methylmorphine chloride, a quaternary analogue of morphine that does not cross the blood–brain barrier, on the release of anterior pituitary hormones in the rat

Case Report

L. J. WHALLEY, J. E. CHRISTIE, J. BENNIE, H. DICK, J. SLOAN-MURPHY and G. FINK — 73 — Elevated plasma luteinizing hormone concentrations, cryptorchidism and mania

Book Review

R. T. RUBIN — 79 — Ciba Foundation Symposium 117: Photoperiodism, Melatonin, and the Pineal

Announcements

81 International Symposium on New Trends in Aging Research

XVIII Congress of the International Society of Psychoneuroendocrinology (ISPNE)

82 The Kinsey Institute for Research in Sex, Gender, and Reproduction Announces $1000 Dissertation Award

I Software Survey Section

NUMBER 2

E. R. De Kloet and J. M. H. M. Reul — 83 Feedback action and tonic influence of corticosteroids on brain function: a concept arising from the heterogeneity of brain receptor systems

B. H. Duvilanski, A. Seilicovich, M. del Carmen Diaz, M. Lasaga and L. Debeljuk — 107 The effect of prolactin on glutamate decarboxylase activity and GABA concentration in hypothalamic slices

F. Lechin, B. van der Dijs, D. Jackubowicz, R. E. Camero, S. Lechin, S. Villa, B. Reinfeld and M. E. Lechin — 117 Role of stress in the exacerbation of chronic illness: effects of clonidine administration on blood pressure and plasma norepinephrine, cortisol, growth hormone and prolactin concentrations

B. T. Walsh, S. P. Roose, J. L. Katz, I. Dyrenfurth, L. Wright, R. Vande Wiele and A. H. Glassman — 131 Hypothalamic - pituitary - adrenal - cortical activity in anorexia nervosa and bulimia

M. L. Rao and T. Mager — 141 Influence of the pineal gland on pituitary function in humans

D. L. Rowland, J. R. Heiman, B. A. Gladue, J. P. Hatch, C. H. Doering and S. J. Weiler — 149 Endocrine, psychological and genital response to sexual arousal in men

Short Communication

N. Mitsuhashi and J. Kato — 159 Modulation of steroid hormone receptors in the brain — inhibitory effect of fatty acids on the binding between cytosol progestin receptors in the rat cortex and R5020

Announcements

163 XVIII Congress of the International Society of Psychoneuroendocrinology (ISPNE)

The Kinsey Institute for Research in Sex, Gender, and Reproduction announces $1000 dissertation award

NUMBER 3

Editorial
R. T. RUBIN — 165 — 1986 Acknowledgements

Reports
G. M. GILAD — 167 — The stress-induced response of the septo-hippocampal cholinergic system. A vectorial outcome of psychoneuroendocrinological interactions

R. D. GIBBONS, D. HEDEKER and J. M. DAVIS — 185 — Regression toward the mean: more on the price of beer and the salaries of priests

T. KOLAKOWSKA, P. J. COWEN and P. MURDOCK — 193 — Endocrine responses to tryptophan infusion in schizophrenic patients treated with neuroleptics

D. L. EVANS, C. B. NEMEROFF, J. J. HAGGERTY, JR and C. A. PEDERSEN — 203 — Use of the dexamethasone suppression test with DSM-III criteria in psychiatrically hospitalized adolescents

D. G. MORGAN, J. S. RANDALL, N. A. TELFORD, M. N. GORDON, Y. N. SINHA, C. E. FINCH and P. K. RANDALL — 211 — Genotypic influences on pituitary responsiveness to haloperidol in mice

D. A. CARTER and S. L. LIGHTMAN — 219 — Oxytocin stress responses are dependent upon emotionality

Short Communication
P. CHIODERA and V. COIRO — 225 — Lack of effect of bromocriptine and domperidone on arginine – vasopressin response to insulin-induced hypoglycemia in normal men

Case Report
M. ANSSEAU, J.-J. LEGROS, C. MORMONT, J.-L. CERFONTAINE, P. PAPART, V. GEENEN, F. ADAM and G. FRANCK — 231 — Intranasal oxytocin in obsessive – compulsive disorder

Letter to the Editor
J. D. BERGIANNAKI, C. R. SOLDATOS, P. N. SAKKAS, C. CHRISTODOULOU, A. KOUMOULA and C. N. STEFANIS — 237 — Longitudinal studies of biologic markers for depression in male anorectics

Book Reviews
S. J. WATSON — 241 — **Hormones and Human Behavior**. By B. T. DONOVAN

B. S. MCEWEN — **Advances in Gene Technology: Molecular Biology of the Endocrine System**. Edited by PUETT, D. *et al.*

Announcement

243 The Kinsey Institute for Research in Sex, Gender, and Reproduction Announces $1000 Dissertation Award

I Software Survey Section

NUMBER 4

Review

M. Zimmerman and W. Coryell — 245 The dexamethasone suppression test in healthy controls

Reports

T. P. Davis and A. Culling-Berglund — 253 Neuroleptic drug treatment alters *in vitro* central neurotensin metabolism

G. A. Mason, S. C. Bondy, C. B. Nemeroff, C. H. Walker and A. J. Prange, Jr — 261 The effects of thyroid state on beta-adrenergic and serotonergic receptors in rat brain

T. Duka, M. Hoehe, A. Doenicke, U. Stephan and N. Matussek — 271 Influence of the histaminergic system on opiate-induced neurosecretion and behaviour

H. Tamai, C. Karibe, K. Kiyohara, K. Mori, K. Takeno, N. Kobayashi, T. Nakagawa and L. F. Kumagai — 281 Abnormal serum prolactin responses to luteinizing hormone-releasing hormone (LHRH) in patients with anorexia nervosa and bulimia

W. M. Glazer, H. Morgenstern, D. V. Jeste, G. Zahner, H. M. Hafez and C. L. Benarroche — 289 Serum dopamine beta hydroxylase activity and tardive dyskinesia

G. M. Asnis, U. Halbreich, N. D. Ryan, H. Rabinowicz, J. Puig-Antich, B. Nelson, H. Novacenko and J. Harkavy Friedman — 295 The relationship of the dexamethasone suppression test (1 mg and 2 mg) to basal plasma cortisol levels in endogenous depression

J. Lisansky, G. A. Fava, M. A. Zielezny, M. A. Morphy and R. Kellner — 303 Nocturnal prolactin and cortisol secretion and recovery from melancholia

Short Communication

V. Coiro, C. Marchesi, A. De Ferri, A. Mosti, R. Delsignore, A. M. Govi, A. Gnudi and P. Chiodera — 313 Pirenzepine inhibits growth hormone, but not thyrotropin response to thyrotropin-releasing hormone in patients with endogenous depression

Announcements

319 The Kinsey Institute for Research in Sex, Gender, and Reproduction Announces $1000 Dissertation Award

1988 Curt P. Richter Prize in Psychoneuroendocrinology

320 Eighth Annual Winter Neuropeptide Conference

I Software Survey Section

NUMBER 5

Reports

O. G. Cameron, M. A. Lee, G. C. Curtis and D. S. McCann — 321 Endocrine and physiological changes during "spontaneous" panic attacks

R. T. Rubin, R. E. Poland, I. M. Lesser and D. J. Martin — 333 Neuroendocrine aspects of primary endogenous depression — IV. Pituitary–thyroid axis activity in patients and matched control subjects

E. Taubøll, L. Gjerstad, K. T. Stokke, A. Lundervold and B. Telle — 349 Effects of electroconvulsive therapy (ECT) on thyroid function parameters

C. C. Gispen-de-Wied, H. G. M. Westenberg, J. H. H. Thijssen and J. M. van Ree — 355 The dexamethasone and cortisol suppression test in depression: β-endorphin as a useful marker

D. Nutt, H. Middleton and M. Franklin — 367 The neuroendocrine effects of oral imipramine

C. M. Swartz and R. M. Quock — 377 Kinetic modeling of hormone release: application to time-averaged met-enkephalin release

B. A. Tate-Ostroff and R. S. Bridges — 385 Regulation of prolactin secretion in parental rats: roles of steroid priming and pituitary responsiveness

C. Restrepo and A. Armario — 393 Chronic stress alters pituitary–adrenal function in prepubertal male rats

A. Armario, C. Garcia-Marquez and T. Jolin — 399 The effects of chronic intermittent stress on basal and acute stress levels of TSH and GH, and their response to hypothalamic regulatory factors in the rat

Book Reviews

J. D. Russell — 407 Disorders of Eating Behaviour — a Psychoneuroendocrine Approach. Edited by Ferrari, E. and Brambilla, F.

D. T. O'Connor — 407 The Adrenal Medulla, Vol. 4. By Carmichael, S. W.

Announcements

409 Eighth Annual Winter Neuropeptide Conference

409 1988 Curt P. Richter Prize in Psychoneuroendocrinology

410 XIX Congress of the International Society of Psychoneuroendocrinology (ISPNE)

I Software Survey Section

NUMBER 6

Review

H. C. KRAEMER — 411 The methodological and statistical evaluation of medical tests: the dexamethasone suppression test in psychiatry

Reports

K. P. BRISKI and P. W. SYLVESTER — 429 Effects of repetitive daily acute stress on pituitary LH and prolactin release during exposure to the same stressor or a second novel stress

J. T. MARTIN, W. BRADSHAW, K. MICZEK and M. J. BAUM — 439 Alpha-melanocyte-stimulating hormone infusions during pregnancy in the rat: effects on offspring weight, pain reactivity and sexual behavior

C. M. WORTHMAN and M. J. KONNER — 449 Testosterone levels change with subsistence hunting effort in !Kung San men

W. R. PHIPPS, S. E. LUKAS, J. H. MENDELSON, J. ELLINGBOE, S. L. PALMIERI and I. SCHIFF — 459 Acute ethanol administration enhances plasma testosterone levels following gonadotropin stimulation in men

S. MATTEO — 467 The effect of job stress and job interdependency on menstrual cycle length, regularity and synchrony

S. DYKES, A. I. F. SCOTT, S. M. GOW and L. J. WHALLEY — 477 Effects of seizure duration on serum TSH concentration after ECT

M. BAUER, S. CAROFF, A. WINOKUR and R. KOENIG — 483 Neuroendocrine responses to cold stress in normal subjects and depressives

Letter to the Editor and Reply

C. KIRKEGAARD — 491

P. DECINA, H. A. SACKEIM, D. A. KAHN, D. PIERSON, N. HOPKINS and S. MALITZ — 492

Announcements

495 1988 Curt P. Richter Prize in Psychoneuroendocrinology

495 UCLA Symposium: Molecular Biology of Stress

496 XIX Congress of the International Society of Psychoneuroendocrinology (ISPNE)
